

# Cherry Hill

Russ

You know what I'd do for you  
I know what you'd do for me  
You will see  
The truth in me

Maybe I'm a fool  
Maybe I'm a fool for you  
Maybe I'm a fool  
Maybe I'm a fool for you

Feelin' lonely in this room since I was seventeen  
Thought this bottle was supposed to drown my memory  
But I'm still swimmin' in your vision and it's temptin' me  
But next time that I call I'm hopin' that you answer me

Maybe I'm a fool  
Maybe I'm a fool for you  
Maybe I'm a fool  
Maybe I'm a fool for you

You know what I'd do for you  
I know what you'd do for me  
You will see  
The truth in me

Maybe I'm a fool  
Maybe I'm a fool for you  
Maybe I'm a fool  
Maybe I'm a fool for you

I'm looking for the place  
Where I was falling into you  
Dressed in sunlight, warmed the cold  
That lived inside me  
We shouldn't be here  
What we said  
When we were  
The top of Cherry Hill

Maybe I'm a fool  
Maybe I'm a fool for you  
Maybe I'm a fool  
Maybe I'm a fool for you

You know what I'd do for you  
I know what you'd do for me  
You will see  
The truth in me

Maybe I'm a fool  
Maybe I'm a fool for you  
Maybe I'm a fool  
Maybe I'm a fool for you
