

Distracted

Russ

Can't get distracted right now
Can't happen right now
I gotta go, come back around
And if you ain't still there
It wasn't meant to be
I, I, I can't get distracted right now
Can't happen right now
I gotta go, come back around
(And if you) aren't there
Then it is what it is

I don't really wanna leave
But I know I gotta leave
Now I can't sleep
Please, wait for me
It's somethin' that I gotta do
I'ma think about you
While I'm away
I'm leavin' today
Gotta see my visions come true
That don't mean I don't love you
Say you understand, I need that
Promise you, I'ma be back
And breathe
Can't live in peace, baby

Can't get distracted right now
Can't happen right now
I gotta go, come back around
And if you ain't still there
It wasn't meant to be
I, I, I can't get distracted right now
Can't happen right now
I gotta go, come back around
(And if you) aren't there
Then it is what it is

Been too many moons since I
Seen your face, I'll admit, ah, this
Journey is tough, am I worthy enough?
Or should I just turn around and come back?
Fuck that
I wouldn't forgive myself if I don't give myself
Everything I got, I'm sorry I left you but
If I come back now, I know I'll resent you
Gotta keep goin', gotta heed all this
All of these moments hard to find (It's 'bout time)

Can't get distracted right now
Can't happen right now
I gotta go, come back around
And if you ain't still there
It wasn't meant to be
I, I, I can't get distracted right now
Can't happen right now
I gotta go, come back around
(And if you) aren't there

Then it is what it is
