Russ

Yeah, I feel like I'm the only one  
Feel like I'm the only one

Y'all gon have to do better  
I can't believe what I'm seeing  
All this bullshit going on  
The industry is deceiving  
All the masses  
Pitching rappers as these independent grinds  
Meanwhile there's been a label right behind them the whole time  
Fake shit call it out  
You were plugged before your first song  
I was puttin in work  
You were getting worked on  
Yo fans are fickle  
Cuz your come up is a mystery  
My fans gon stick with me  
Cuz me and them got history  
Longer than 2 songs  
You don't know how to build  
You tried to start at the roof ah  
You won't be here for too long  
I don't fuck with crews unless you're the one who put the crew on  
The rest of y'all got buzz because he put you on a few songs  
Ooo umm did that strike a nerve  
If the shoe fits then wear it  
Either way I know the truth Imma share it  
See these rappers sign deals  
Labels know what they're doing  
They tell the rapper don't announce it  
So the people keep rooting

Try to keep me on the hush but I do not give a fuck  
This is Russ uncut I'll expose you  
You ain't really seen shit just wait till I'm on  
Then it's on gotta lot I gotta show you  
Why you gotta lie  
I'll bring it to the light  
Gotta expose fake shit  
I put in too much time

I'm comin thru exposing fake shit  
God can't save you  
Youre a boss?  
You gotta boss  
And that boss rapes you  
Barely pays you  
But you cool with it  
You're a soldier unaware that you're a lieutenant  
I gotta gripe with the media  
All of y'all are wanna be's  
Producers and rappers  
Down for sodomy  
Dick taking  
Cuz the industry tells you to  
It's fucked up I had a standard that I held you to  
I'll name names if you provoke me

So shut your fucking mouth  
My platform is way bigger  
Than the ones that turned me down  
Bunch of grown men and women  
Talkin bout grown men and women for a livin  
Man you gotta be kidding  
Call me bitter  
Call me jealous  
Call me this  
Call me that  
This is 10 years grinding what the fuck you call that  
Made the beats wrote the songs sang the hooks  
And I mixed it  
Everybody's gotta switch and y'all just flipped it

Try to keep me on the hush but I do not give a fuck

You're an industry artist  
I'm an artist in the industry  
Me myself and I that's the holy fucking trinity  
I partnered with Columbia  
Partnered is the key word  
We split the profits 50/50  
Better do your research  
Came in with my own fanbase  
Sold out tours around the world before the handshakes  
You see I play the game well  
You let the game play you  
You don't know your own power  
You think the label saved you  
Now subconsciously you owe them  
You're submissive with your actions  
Then you flop flop flop  
And you wonder what happened  
Couple things  
You dropped one song and signed a deal  
You have less than 10 songs out  
You're not real  
So the song became bigger than the artist  
People know the song but they don't know the artist  
Not enough songs to become their favorite artist  
Not enough songs to be a headline artist  
I could do a week long set if I performed my whole catalogue  
Every single song the crowds sing and rap along  
Fuck a summer I'm a decade rapper  
You're here now I'll be here a decade after  
I put out 11 albums  
Produced by Russ  
Mixed mastered engineered written by Russ
