

## Freed Up

Russ

Okay, I'm freed up to do what I please, I love it  
Listen to my spirit and my heart, you got to trust it  
Ooh, one thing that I know is that I don't know nothing  
Jumpin' off the cliff, yes, bitch, we jumpin', ooh  
Okay, I'm freed up to do what I please, I love it  
Listen to my spirit and my heart, you got to trust it  
Ooh, one thing that I know is that I don't know nothing  
Jumpin' off the cliff, yes, bitch, we jumpin', ooh

Yeah, a cool million parked outside  
You not in the circle, you're parked outside  
I'm poolside sippin' spritzers, posin' for the pictures  
Stay on point, but I don't have to shoot  
'Cause my crew is the Sixers  
I can hear the whispers, but the money louder, though  
I ain't scared of shit, I don't care about a bitch  
I be ballin' overseas like Calderón  
I keep a pound at home, I found my zone, I'm in it  
Hour-long set, ten thousand a minute  
'Bout to pivot into other industries and then put up a hundred G's  
On my own, 'cause the sound of winning  
On my own terms gets me off  
Can't believe they really just let me walk  
I'm leadin' the pack, you only lose when you needin' the cash  
My whole soul screamin', "Freedom at last"

Okay, I'm freed up to do what I please, I love it  
Listen to my spirit and my heart, you got to trust it  
Ooh, one thing that I know is that I don't know nothing  
Jumpin' off the cliff, yes, bitch, we jumpin', ooh

Yeah, always got to make sure that I can do the job  
Just in case I get played 'cause my guard's down (Guard's down)  
'Cause I know that as well as you know  
That your very own shadow leaves you when it's dark out (Dark out)  
I don't really need a reason to go  
When you bring what I bring to the table, you don't mind eating alone  
They speaking in code, I'm peepin' it, though (Peepin' it, though)

Back in the wild I go, and it's where I belong right now (Belong right now)  
Back in the wild I go, feelin' free as can be (Free as a bitch)

Okay, I'm freed up to do what I please, I love it  
Listen to my spirit and my heart, you got to trust it
