

## From A Distance

Russ

I've been out of state  
You been stuck in yours  
Its not personal  
You call me than i ignore you then  
I'm just tryna detach (detach)  
I rarely ever get time to relax  
When I do I'm tryna rejuvenate, meditate

But I fuck with you from a distance, (yeah)  
I fuck with you from a distance, (yeah)  
I fuck with you from a distance e

You want me to free time  
To talk you but I  
Only talk to you when I got free time  
I guess that's the difference between this and mrs  
You looking for someone who has time

But I fuck with you from a distance (yeah)  
I fuck with you from a distance (yeah)  
I fuck with you from a distance

Yeah, she don't really care about the fame or the dolla's  
She be bad as fuck in some hoodie and some joggers  
I be on the road ignoring all the facetimes  
Not tryna break calls, but I'm on my break time  
I just did tours non-stop  
Had girls on all fours and on top  
I had sisters, I had cousins, doing freak shit  
Not I'm tryna chill, smoke weed, make music  
I know I promised, but sometimes shit pops up when you poppin'  
I know we text a lot  
When I see you, best believe we havin' sex a lot  
Connect the dots  
If we tryna draw conclusions  
Love is feeling like its all an illusion  
Still young let me go through my phases  
Let me adjust, girl I just got famous

But I fuck with you from a distance (yeah)  
I fuck with you from a distance (yeah)  
I fuck with you from a distance
