

Give It To Me

Russ

Call my babe
I know that you want the [?]
I got you dazed
Take you to the moment
Let you know I own it, yeah
I'm far away, take you so far away
You know I part the waves
World is an ocean
I don't know it but you're gone

Give it to me
You know you wanna give it to me
Oh, give it to me
You know you wanna give it to me (Yeah)

I don't even know why I'm doing it
But I know why I'm not
My dad had it way harder
So I better make this pop
18, 2 kids, high school dreams flop
[?] inside my veins so I'm trained to be the Don
Lights on in this dark world
Fetish for these dark girls
Nubians and Mexicans
Peruvians and lesbians
Turn them into whatever I wanna
Treat this life like I don't have a sister
But they want me (Want me, want me)

Give it to me
You know you wanna give it to me
Oh, give it to me
You know you wanna give it to me
Oh

Had to drop my girl
She ain't even know the half of it
Going after the world
At first I drop my bachelors
Hacking into this rap world
Since ten I've had the password
Fast-forward, I'm past-sober, wait, yeah

I turned my bedroom to a wireless spaceship
Case-hit, days after shows, get laid
I turned my bedroom to a wireless spaceship
Case-hit, days after shows, get laid

Give it to me
You know you wanna give it to me
Oh, give it to me
You know you wanna give it to me
Oh, give it to me
You know you wanna give it to me
Oh, give it to me
You know you wanna give it to me

Oh
