

Go And Get Famous

Russ

She said "Go and get famous"
I said "Okay"
I've been up for three whole days
No sleep, I can see my soul creeping right through my doorway
Saying "Stay up" (Uh) Saying "Stay up"
"Whatever you do just stay up"
"Whatever you do stay up"

My soul is on this branch
Not worried 'bout it breaking
'Cause me, I've got some wings
So if it does I'll be escaping
No dukey rolls, we just pass shots like Rubio
Know let all the same shit in the basement could be the movie
So I'm on my movie flow
Directing and editing my life
Rolling up some fruit
Sipping and trying to get in the limelight
Limelight (Limelight) Limelight (Limelight, limelight) Yeah

She said "Go and get famous"
I said "Okay"
I've been up for three whole days
No sleep, I can see my soul creeping right through my doorway
Saying "Stay up" (Uh) Saying "Stay up"
"Whatever you do just stay up"
"Whatever you do stay up"

It's early on in the AM, I've been up since the PM
Tryna find a reason to stay in
The mental state of mind that I have found myself in
But coming up short, I want a bit more
I wanna be living on tour
Buses full of these nothings busting open, what's in store?
Or so I think, speaking into existence
Since I'm flipping this shit into whatever I want

She said "Go and get famous"
I said "Okay"
I've been up for three whole days
No sleep, I can see my soul creeping right through my doorway
Saying "Stay up" (Uh) Saying "Stay up"
"Whatever you do just stay up"
"Whatever you do stay up"
