

# Gone

Russ

I was always right and you know now  
You was always wrong and you know now  
Look at where my life just went  
Look where you still is  
I know you feel this  
I was tryna help you out  
But I got no time to help you now  
Look at where my life just went  
Look where you still is  
I know you feel this

Cause I'm gone, I'm gone, I'm gone  
You know that I'm gone, I'm gone, I'm gone  
Yea I'm gone, I'm gone, I'm gone  
Look where you still is  
I know you feel this  
Cause I'm gone, I'm gone, I'm gone  
You know that I'm gone, I'm gone, I'm gone  
Yea I'm gone, I'm gone, I'm gone  
Look where you still is  
I know you feel this

I need b's that's why you see me getting a buzz  
My ex comin' after me like Mexican does  
If heavens above  
Hell is below  
Where am I livin'?  
Table full of legends  
I see  
Where am I sittin'?  
I'm out your life but I'm still in your search bar  
Still humble still riding in my first car  
Took me 10 years to get here I work hard  
From a basement  
Now I'm an all around the world star  
Supported my dreams till my dreams supported me  
I'm lookin' at views that you don't see till 43  
I'm half they age but twice as paid, this the good life  
A bad chick doesn't always mean a good night  
Heavy bars with light hooks so it seems pop  
Lately they only want my responses for the screenshots  
Upgraded to a Rollie from a G-Shock  
The Alchemist, Napoleon Hill mixed with Deepak

I was always right and you know now  
You was always wrong and you know now  
Look at where my life just went  
Look where you still is  
I know you feel this  
I was tryna help you out  
But I got no time to help you now  
Look at where my life just went  
Look where you still is  
I know you feel this

Cause I'm gone, I'm gone, I'm gone  
You know that I'm gone, I'm gone, I'm gone

Yea I'm gone, I'm gone, I'm gone  
Look where you still is  
I know you feel this  
Cause I'm gone, I'm gone, I'm gone  
You know that I'm gone, I'm gone, I'm gone  
Yea I'm gone, I'm gone, I'm gone  
Look where you still is  
I know you feel this

Looking at the type of views a camera can't capture  
The girls coming quick but the money coming faster  
Red carpet treatment for yourself and whoever you with  
Any girl you want the answers yes whoever you pick  
Cause you poppin now  
You're a come up  
My homies look like security so think before you run up  
I'm one of few who did it their way  
Taking over airwaves  
5 course meals and lay flats on my airplanes  
Your dream girl sending I miss you texts  
I fly her out cause I miss that I miss you sex  
Then I fly her back home  
She a Florida state Seminole  
Cause I got bands lined up like a festival  
All over the world and I brought my mom with me  
Just to say thank you and make her happy I spend 50  
Ex's best friends now I don't give a fuck  
I don't gotta get revenge  
My life does that enough

I was always right and you know now  
You was always wrong and you know now  
Look at where my life just went  
Look where you still is  
I know you feel this  
I was tryna help you out  
But I got no time to help you now  
Look at where my life just went  
Look where you still is  
I know you feel this

Cause I'm gone, I'm gone, I'm gone  
You know that I'm gone, I'm gone, I'm gone  
Yea I'm gone, I'm gone, I'm gone  
Look where you still is  
I know you feel this  
Cause I'm gone, I'm gone, I'm gone  
You know that I'm gone, I'm gone, I'm gone  
Yea I'm gone, I'm gone, I'm gone  
Look where you still is  
I know you feel this
