Yeah, yeah

I missed her so much that I made her Mrs. (Yeah)  
Feel like I hit the lottery win, when I saved the digits (facts

She never let me down, I mean she did, but who am I to judge  
'Cause we all make mistakes, I know I did, but I feel safe with  
you  
Travel 'round the world, no place we go ever feels strange with  
you  
When I lay with you, I sleep better, breathe better

And when I think 'bout you, I don't need anything else (Anythin  
g, anything)  
And when I'm just with you, I don't mind being myself (Being my  
, being my)  
And if I can't be with you, I'll be missin' you (Missin' you)  
And when I walk back in, you know I'm kissin' you (Kissin' you)  
Yeah

You feel like home (Home home home) I wanna go (I wanna go)  
You feel like home (Home home home) I love being home (I love b

One of one, ain't no replacin' you, you  
Yooooou are, yooooou are (You, you, you, you)  
I've been, grindin' my teeth and bitin' my cheeks  
I've been holdin' my breath, you're my  
Sigh of relief, the sign of my peace  
And I'm tryin' to get back to you girl, oh-ohh

And when I think 'bout you, I don't need anything else (Anythin  
g, anything)  
And when I'm just with you, I don't mind being myself (Being my  
, being my)  
And if I can't be with you, I'll be missin' you (Missin' you)  
And when I walk back in, you know I'm kissin' you (Kissin' you)
