Russ

I know some things  
I got some things  
That make me cry tears  
Make me cry tears  
I know some things  
I got some things  
That make me cry tears  
Make me cry tears

I been walkin thru  
Tryna follow you  
I swear its true  
I swear its true  
Last thing you said  
To me was that  
Hey you look cool  
You look cool  
I shoulda been there for you  
I shoulda been there with you  
I shoulda called that show off  
I'd rather miss that than miss you  
Wish we had more time  
Thought I had more time  
Thought that I was gonna come back  
And you'd be fine

I know some things  
I got some things  
That make me cry tears  
Make me cry tears  
I know some things  
I got some things  
That make me cry tears  
Make me cry tears

I owe this all to you  
You introduced me to myself  
Its true  
I swear its true  
And even though you're gone  
You taught me music never dies no  
You could never die  
I shoulda been there for you  
I shoulda been there with you  
I shoulda called that show off  
I'd rather miss that than miss you  
Wish we had more time  
Thought I had more time  
Thought that I was gonna come back  
And you'd be fine

I know some things  
I got some things  
That make me cry tears  
Make me cry tears  
I know some things  
I got some things

That make me cry tears  
Make me cry tears

I shoulda been there for you  
I shoulda been there with you  
I shoulda called that show off  
I'd rather miss that than miss you  
Wish we had more time  
Thought I had more time  
Thought that I was gonna come back  
And you'd be fine
