

Maniac

Russ

Yeah

Sometimes I feel like a motherfucking maniac
Somebody come and help me (Help me)
Come show me where my motherfucking brain is at
This cannot be healthy (Healthy)

I'm so gone (I'm so gone)
Liquor and weed (Liquor and weed)

Okay, I'm younger than my future but older than my present
Wrap your mind around that
It's like my cars in neutral but the engines revving
And I'm still driving past the old me, the new me
Fuck 'em both
I'm so gone, roll a blunt from both
Life is a party, I'm the guest and the host
Drown in the stress of being blessed
I can float, goddamn, goddamn (Goddamn)
Is anybody out there? (Out there?)
I am (I am)
So lost I think I lost it (I lost it)
Love it (Love it)

Sometimes I feel like a motherfucking maniac
Somebody come and help me (Help me)
Come show me where my motherfucking brain is at
This cannot be healthy (Healthy)

I'm so gone (I'm so gone)
Liquor and weed (Liquor and weed)
I'm so gone (I'm so gone)
Liquor and weed (Liquor and weed)

I'm a motherfucking psycho, yeah (Ooo-wee)
I'm about to go psycho, yeah (To me, to me)

Uh, yeah
I know they creep on me
I know that they creep
Saddest thing, your family sleeps on me, stay asleep
I don't mean to be blunt and shit
But I'm high, my blunt is lit
Real nigga shit, I don't fall for shit
Man, fuck this shit
Been up since [?]

Sometimes I feel like a motherfucking maniac
Somebody come and help me (Help me)
Come show me where my motherfucking brain is at
This cannot be healthy (Healthy)

I'm so gone (I'm so gone)
Liquor and weed (Liquor and weed)
I'm so gone (I'm so gone)
Liquor and weed (Liquor and weed)

John, catch up to that campaign
Johnny baby, secret marksman
No time, own that Porsche
Call that bitch the hellish horseman

Best believe this a [?] top
Doing numbers like a card shop
With the paper watch them boys play the fifth (Yeah, yeah)
Them niggas look like a yard dog, yard mule
Hard work, bounce back for that ball hog
Drip between the press like I'm hot sauce
Product, product
Catch me leaving pride for that holy city
Really is the whole city

Sometimes I feel like a motherfucking maniac
Somebody come and help me (Help me)
Come show me where my motherfucking brain is at
This cannot be healthy (Healthy)

I'm so gone (I'm so gone)
Liquor and weed (Liquor and weed)
I'm so gone (I'm so gone)
Liquor and weed (Liquor and weed)
