

# Maybe

Russ

Maybe I should call  
Maybe not  
Maybe I should leave  
Maybe not  
Maybe I should go  
Maybe not  
Maybe I can't take you that serious  
Maybe I should call  
Maybe not  
Maybe I should leave  
Maybe not  
Maybe I should go  
Maybe not  
Maybe I can't take you that serious

I was in Atlanta  
She was 19  
I was only 20  
She was tryna scheme  
She had nightmares  
Me I had dreams  
She had wants  
Me I had needs  
I don't like to chill  
Yeah I like to fuck  
I don't pop pills  
Yeah I get drunk  
Just throw it back  
TBT  
Every Sunday like CCD  
You knew me back when  
Before the back-ends  
I made your back bend  
Ooh  
Now there's a husband  
But you don't fuck him  
Cause you don't love him  
Ooh

Maybe I should call  
Maybe not  
Maybe I should leave  
Maybe not  
Maybe I should go  
Maybe not  
Maybe I can't take you that serious  
Maybe I should call  
Maybe not  
Maybe I should leave  
Maybe not  
Maybe I should go  
Maybe not  
Maybe I can't take you that serious

Its been four long years since I seen you  
Wouldn't wanna be you  
Its been four long years since I left you

But I ain't forget you  
So you pull up on me cause I say so  
You still broke I'm paid though  
Downtown buckhead bad latina from the block like J-Lo  
All my chips got Queso  
Yeah I'm tryna rub it in  
Whole lotta money been comin' in  
I'm a come up I don't know if you should come again

Maybe I should call  
Maybe not  
Maybe I should leave  
Maybe not  
Maybe I should go  
Maybe not  
Maybe I can't take you that serious  
Maybe I should call  
Maybe not  
Maybe I should leave  
Maybe not  
Maybe I should go  
Maybe not  
Maybe I can't take you that serious
