

Misunderstood

Russ

Misunderstood, you only see
Pieces that fit your view of me
Your mind is made up, my hands are tied
Misunderstood time after time

I feel like I got nothing left
There's something in my way I can't move
I really showed you all of me
Just for you to pick and choose
How convenient for you
Try falling back but I can't, I keep leaning towards you
If you wanna leave, then just leave but I hope it ain't easy fo
r you
I'm turning myself inside out, can't believe you don't see this
for you
Yeah-yeah, yeah-yeah, yeah-yeah

Misunderstood, you only see
Pieces that fit your view of me
Your mind is made up, my hands are tied
Misunderstood time after time

Don't you tell me
You know me when you don't
I was the best I
Could be for you
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Yeah

I'm tired, I'm tired, I'm tired, I'm tired, I'm tired
Of overexplaining myself when you don't wanna get it
I'm not responsible for what you don't understand
Just for what I say and who I am

Misunderstood, you only see
Pieces that fit your view of me
Your mind is made up, my hands are tied
Misunderstood time after time

Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
Oh, oh, oh
