

Nasty

Russ

Yeah, I want you to get nasty, nasty
Yeah, I want you to get nasty, nasty
Yeah, I want you to get nasty
Do that thing you know I like
No one watching, it's just me and you, alright

Yeah
She a shy girl, but she a freak deep down (Down)
Pussy royalty, needs to be crowned
We should leave town, sex is better overseas
Both your hands and both your knees
Crawl over, grab hold of me
Show me where you wanna take it (Show me)
Grab the headboard, hold on tight, I think we 'bout to break it (Break it)
She wants more, she asks what's her reward for bein' patient
Don't just undress me with your eyes
Use your hands, let your mouth just glide

Yeah, I want you to get nasty, nasty
Yeah, I want you to get nasty, nasty
Yeah, I want you to get nasty
Do that thing you know I like
No one watching, it's just me and you, alright
Yeah, yeah, yeah, yeah, yeah (Yeah)

She said, "Spank me, that's the only way I learn" (Come on)
I said, "Okay, good girl, good girl"
Tried to test our patience, we didn't get far
Top me off in the morning
Now that's what I call a head start
Baby don't be ashamed (Nah)
I'm cravin' it everyday
Don't need to wait for the weekend for you to call out my name
Baby, we can do this often (Often)
If those pants are botherin' you, take 'em off then (Off then, off then)
Yeah, yeah, yeah, yeah, yeah

Yeah, I want you to get nasty, nasty
Yeah, I want you to get nasty, nasty
Yeah, I want you to get nasty
Do that thing you know I like
No one watching, it's just me and you, alright

Yeah, I want you to get nasty, nasty
Yeah, I want you to get nasty, nasty
Yeah, I want you to get nasty
Do that thing you know I like
No one watching, it's just me and you, alright
