

# No More

Russ

I don't wanna cry no more (Yeah)  
Tired of hangin', I don't wanna try no more  
Too much weight up on my back, oh-oh  
And I feel like I might snap, ah, ah-ah, ah-ah  
I don't wanna cry no more  
Tired of hangin', I don't wanna try no more  
Too much weight up on my back, oh-oh  
And I feel like I might snap, ah, ah-ah, ah-ah

Think I've had enough of this game  
Put a little too much trust in this game  
I ain't havin' fun no more  
I don't even think I'm in love no more  
Never thought I'd say goodbye  
White flag in my hand, I'ma wave it high  
But I'm bruised up and I'm beat down  
Cryin' and depressed every day of the week now  
I'm done  
Enough

I don't wanna cry no more  
Tired of hangin', I don't wanna try no more  
Too much weight up on my back, oh-oh  
And I feel like I might snap, ah, ah-ah, ah-ah  
I don't wanna cry no more  
Tired of hangin', I don't wanna try no more  
Too much weight up on my back, oh-oh  
And I feel like I might snap, ah, ah-ah, ah-ah

Everything was going all right, then the shit went left (Left, left, left, damn)  
I wish at the end of the night I got nothin' left (Left, left, left, damn, damn)  
Watch the whole switch  
Family fell apart even though I got rich  
Tryna fight back, dad ain't raise no bitch  
Gave this shit my life and they tryna take it  
Back in one night well y'all can have it  
I don't even want this shit no more (No more, no more, no more, no more)  
re)

I don't wanna cry no more  
Tired of hangin', I don't wanna try no more  
Too much weight up on my back, oh-oh  
And I feel like I might snap, ah, ah-ah, ah-ah  
I don't wanna cry no more  
Tired of hangin', I don't wanna try no more  
Too much weight up on my back, oh-oh  
And I feel like I might snap, ah, ah-ah, ah-ah
