

Nothin I Won't Do

Russ

There's nothing I won't do
Nothing that I won't do, whoa, yeah

I know you more than just your looks but you the baddest round
(true)
This is a pier save, fewer tears, say I let you pat me down
Pick you up instead of sending drivers (gotchu)
Put you on some game so you don't stay at 85er (yeah) I'll fly
ya (ooh)

Mom and dad down (down), tell them that I love you (I do)
When we getting ready to go out I will not rush you
I'll just fuck you from behind while you applying mascara (haha
)
Aaliyah on the speakers, throw it back to that era, you know wh
at's up

(There's nothing I won't do
Nothing that I won't do, whoa, yeah
There's nothing I won't do
Nothing that I won't do, whoa, yeah)

Taking pics together, trips together it, me and you (you)
I know all your favorites, I'ma order it for you (you)
Fuck you in the shower, now you getting twice as wet (wet)
Keep you by my side, you feel like my silhouette, baby

And if somebody tries you then they dying
When you talking to me, I'ma put my phone on silent
And when hoes are wilding, mentioning your name, I will defend
you
There's nothing I won't do to respect you and protect you, you
know

(There's nothing I won't do
Nothing that I won't do, whoa, yeah
There's nothing I won't do
Nothing that I won't do, whoa, yeah)
