

# Off The Strength

Russ

Mm-mm  
Yeah yeah  
Yuh yuh

Lately I've been pulling all these women off the strength  
Walk in the club, the DJ got me spinning off the strength  
Jumped in the game and lately I've been winning off the strength  
Ain't gotta' chase the money, I just make it off the strength  
And lately I've been pullin all these women off the strength  
Walk in the club, the DJ got me spinning off the strength  
Jumped in the game and lately I've been winning off the strength  
Ain't gotta' chase the money, I just make it off the strength  
What you think

I been on my puffy white linen shit  
South Beach, tan, gold chains, life's different  
Made a couple million before I turned 24  
In less than a year Imma' have twenty more  
Mr. Manifest  
Built this from the ground up  
But never give my hands a rest  
Spirit never shakes, it's a mannequin  
Off the strength  
This feels different  
My women different  
Man my deals different  
Don't compare me  
I'm a rare breed

Lately I've been pulling all these women off the strength  
Walk in the club the DJ got me spinning off the strength  
Jumped in the game and lately I've been winning off the strength  
Ain't gotta' chase the money I just make it off the strength  
And lately I've been pullin all these women off the strength  
Walk in the club the DJ got me spinning off the strength  
Jumped in the game and lately I've been winning off the strength  
Ain't gotta' chase the money I just make it off the strength  
What you think

I remember gettin' treated poorly  
I remember bitches would ignore me  
I was always, always on my own dick  
Now they always always tryna' clone this

I leveled up  
Just ask my agents  
Ask my accountant for the statements  
Ask Milan how basements turn to Vegas  
Strip, strip, strip, strip  
Off the strength  
These women naked  
Wire transfers got two commas  
Momma I made it  
Tell Gianna pick it out  
Swipe, swipe fuck the price tag  
I fly your girl out and then she flys back  
Then I resume to robes cigars and ocean balconies

I dropped out and make 50 times my teachers salary  
Bachelor without the piece of paper  
Just a lotta' funds  
I might go to tootsies throw a lotta' ones  
You did your best, you did your best  
But I felt neither  
Off the strength  
Imma' get Adele features
