

## Piranha Freestyle

Russ

Bumpin' my old shit for perspective  
I became who I looked up to when I was seven  
That's a win in my book  
Your girl loves the way I'm singing my hooks  
But lift the veil up, I got raps  
That'll go over your head like a Hijab  
And I got a French girl who says she loves my je ne sais quoi  
Got the type of problems that a Bentley can't solve  
Or maybe one, fuck, ignore that  
There's been Henny involved, you trendy that's all  
You won't make it past the next five  
You don't got enough product  
Your fans are looking for the next high  
In walks the next guy, with a stash  
That'll last, way longer than that mid that you saying is gas  
I'm not chasing the cash, but some more zeros would be lovely  
In the meantime, I'm just tryna get the whole world to love me  
It's funny how they say it's too ambitious of me  
I think it's funny how y'all sounding like some bitches to me  
Wishes can be, more than wishes if you wish 'em to be  
I mean, want 'em to be, I mean  
Act on 'em, and out comes the piranha in me  
Sinking my teeth in my dreams until reality bleeds  
Waking up is motivation  
I know the basics, and then some  
I got more clips than ten guns when the feds come  
Fuck looking fresh, I'm tryna look unassuming  
If your eyes are in your pockets  
Stop looking towards my movement  
I move with a, certain type of bravado  
Your girl loves me like Jamaica loves Mavado  
Moscato is a little too weak, I need something stronger  
You sound like McDonalds, I sound like Benihana  
Flip flip, flip flip  
Work work, work work  
I be juggling, juggling work work work work  
I been bubbling, bubbling work work work work  
I'm a star, ooh, I'm 'bout to burst burst burst  
C'mon
