The image of your frown
It's so alive
Makes me feel so dead
Just wanna make you smile

Just believe that I'm gonna take you where you want
I'm gonna show you paradise
And we're gonna live there forever

The image of your frown
It's so alive
Makes me feel so dead
Just wanna make you smile

Just believe that I'm gonna take you where you want
I'm gonna show you paradise
And we're gonna live there forever

The image of your frown
It's so alive
Makes me feel so dead
Just wanna make you smile

Just believe that I'm gonna take you where you want
I'm gonna show you paradise
And we're gonna live there forever

Know I love you, ma, this is all for you
House by the beach with the swimming pool

Just believe that I'm gonna take you where you want
I'm gonna show you paradise
And we're gonna live there forever
