Russ

The image of your frown  
It's so alive  
Makes me feel so dead  
Just wanna make you smile

Just believe that I'm gonna take you where you want  
I'm gonna show you paradise  
And we're gonna live there forever

The image of your frown  
It's so alive  
Makes me feel so dead  
Just wanna make you smile

Just believe that I'm gonna take you where you want  
I'm gonna show you paradise  
And we're gonna live there forever

The image of your frown  
It's so alive  
Makes me feel so dead  
Just wanna make you smile

Just believe that I'm gonna take you where you want  
I'm gonna show you paradise  
And we're gonna live there forever

Know I love you, ma, this is all for you  
House by the beach with the swimming pool

Just believe that I'm gonna take you where you want  
I'm gonna show you paradise  
And we're gonna live there forever
