

Satisfy

Russ

You know that you special
You know who you are
Oh-oh, oh-oh-oh-oh
Get that hot tub heating up to
Waiting for it to get to like
102, haha, yeah
Yeah, yeah

Satisfy, that's what I'm gon' do to you
Satisfy, grab your legs, point 'em to the sky while I
Satisfy, I'm staying in it till I hit the spot, mmh, yeah yeah
I'm gonna treat like you're all I got, mmh, yeah

Wet when you wake up, you ready
Grab my-, then smirk, don't tempt me
'Cause I'm with whatever you with
Let me know, just let me know, where you at?
We fucking in the shower, we delirious
Sober morning sex means that it's serious
I'm serious, I stir your shake
That I ain't with you but I miss you
Sex it worth the wait
Who's gon' be the first to taste?
Let's turn the page of pride
We both wanna satisfy our baddest sides
We both keep it on the hush, our private life is classified
This that let's pull an all nighter
Rolls some joints up, let's get drunk
I'm a lover not a fighter
That's unless you like it rough, I'ma

Satisfy, that's what I'm gon' do to you
Satisfy, grab your legs, point 'em to the sky while I
Satisfy, I'm staying in it till I hit the spot, mmh, yeah yeah
I'm gonna treat like you're all I got, mmh, yeah

Yum-yum, baby, pum-pum, I love it
Come, come crazy, just us, no interruptions
I change pace, start off slow, and then I speed up
Don't you worry, just lay down, I'ma lead you
To the finish line, I grip your thighs
You arch your back, your eyes roll back, and then I hit rewind
To the finish line, I grip your thighs
You arch your back, your eyes roll back, and then I hit rewind

Satisfy, that's what I'm gon' do to you
Satisfy, grab your legs, point 'em to the sky while I
Satisfy, I'm staying in it till I hit the spot, mmh, yeah yeah
I'm gonna treat like you're all I got, mmh, yeah

Yum-yum, baby, pum-pum, I love it
Come, come crazy, just us, no interruptions
