

## Scared

Russ

Take my hand and rock it real slow  
I wanna feel your love tonight  
Let's put the world on pause and get drunk off these city lights  
I'm all about us tonight  
Ooh, I'm scared to fall in love again  
Ooh, I'm scared to fall in love again

Yeah, tried to give you everything, I was thinking wedding ring  
You were cheating every chance you got while I was faithful  
Then you went with who you, told me not to worry 'bout  
Now you got a baby with him, damn, that could've been me  
Can't say that I hate you, if I had the money  
That I have now, would've taken you away from  
Everything that killed us, would have seen the real us  
Now I'm scared of falling in love again

Take my hand and rock it real slow  
I wanna feel your love tonight  
Let's put the world on pause and get drunk off these city lights  
I'm all about us tonight  
Ooh, I'm scared to fall in love again  
Ooh, I'm scared to fall in love again

Yeah, tryna help you see the truth  
But you prolly won't look  
I just wanna hear your story  
Like a audio book  
You knew me before my ex, yeah  
We stayed at the W, yeah  
Better now fuck my name up  
Like a substitute, yeah  
I can tell you wanna do it but you don't know how to do it  
'Cause you're scared to death  
You can tell I wanna do it but I don't know how to do it  
'Cause I'm scared to death  
We should grab each other's hands and take a jump off the cliff  
And hope we fly  
Then you pause and I pause and we look at each other  
But we both know why

Take my hand and rock it real slow  
I wanna feel your love tonight  
Let's put the world on pause and get drunk off these city lights  
I'm all about us tonight  
Ooh, I'm scared to fall in love again  
Ooh, I'm scared to fall in love again
