

## September 16

Russ

I don't know why we even tried this in the first place  
But it all comes back to love  
Yeah, it all comes back to love (na, na, na)  
I been trying to do my best in the worst way  
'Cause it all comes back to love  
Yeah, it all comes back to love (na, na, na)

Met back in our twenties  
Ex-wife wanted money  
You still wanted me back then but now you do not love me  
No affection, no respect  
It's been too long since a check came my way  
Not the same ever since my father's death  
No excuses, yeah I know  
I been trying, I been trying  
June I'm fine, kids I'm fine  
I been lying, I been lying  
So much pressure, I can't sleep  
Everything about me aching  
It's so hard to accept my kid bringing home the bacon  
I'm at fault, I'm a loser, best believe I've heard it all  
From the girl of my dreams that I married in the fall  
And I get it, your resentment, yeah it's justified  
But I've had enough of arguing, I've had enough of crying  
I know that you're mad but you were mad when I was paid too  
I'm feeling helpless I just hope our love saves you  
It's been over twenty years, recognize our blessings  
Even though that we can barely coexist for more than twenty seconds, damn

I don't know why we even tried this in the first place  
But it all comes back to love  
Yeah, it all comes back to love (na, na, na)  
I been trying to do my best in the worst way  
'Cause it all comes back to love  
Yeah, it all comes back to love (na, na, na)

I love you Jim, the way you grin, the way you make me laugh  
The way you helped me raise three angels, wouldn't take it back  
I think you're a genius, that's why I be stressing you  
CEO, CEO, I expect nothing less from you  
That's a compliment, I know that I should show more  
Gratitude for you, I know my attitude's been so poor  
But so have we but this is deeper than a bank account  
I know that I got pent up shit I know I need to work this out  
Russell takes me traveling, he just does our balancing  
He knows that you're strong while he knows I'm unraveling  
He's not taking sides, trust me he says that you're right  
He just trying to help us both, he don't wanna see us fight  
It rained when we got married and you know I loved the sun  
I know I blamed you for things outta your control  
But you're the one that I love  
Damn, that I love (I'm sorry, I love you)

I don't know why we even tried this in the first place  
But it all comes back to love  
Yeah, it all comes back to love (na na na)  
I been trying to do my best in the worst way

'Cause it all comes back to love  
Yeah, it all comes back to love (na na na)

Na, na, na  
Na, na, na, na  
Na, na, na, na
