Russ

Y'all know what it is  
It's that time, it's that time, pop  
Jake One, CHOMP 2  
Okay

I like all my women to be sex crazed  
Models tryna put my hair in French braids  
This industry is high school  
Grown men and women actin' like they still in tenth grade  
I don't care what your friends say, I'm legendary  
I love my girl but weddings scare me  
I can't fight the force, my dad is twice divorced, might be her  
editary  
Bathi smoothies with the elderberry, y'all not my contemporarie  
s  
Y'all are temporary 'cause the music ain't even secondary  
Y'all put the money and the bitches over it  
So you fell off now, the bitches over it, it's over with  
I'm tryna keep my soul aligned, momma gave me motive, I  
Took her and the family out to Italy, we saw the Dolomites  
We saw Venice, we saw Puglia and Tuscany  
You might have more money but you've never left the country  
Who's really rich?  
They hit us and say, "Oh Russ can sing but he can really spit"  
Cold blooded, I'm amphibious  
There's women that I've never shared a meal with  
That think we share feelings, keep it real, bitch  
You know what it was, told your ass from the jump  
But y'all be thinkin' y'all can fuck and suck your way into lov  
e  
And when my mind didn't change  
I get accused of hurting feelings but you hurt yourself  
Runnin' after someone who don't want you, you desert yourself  
But enough of stubborn women who be thinkin' they too pretty to  
get curved  
Bitch, I'm busy, I'm at work, you not priority  
I copped two Bentleys and two Benzes durin' quarantine  
Regulate my diet like I'm Warren G  
Try to keep my shirt off the whole tour to hit the Florida Keys  
Plant an orange tree, that's the fruits of my labor  
I'm from the generation where it isn't cool to be haters  
You see, social media made everyone think they're celebrities  
But what have y'all done that's worth celebratin'?  
And everybody got the same personality and identities  
The sheep just multiply, this shit is devastatin'  
And embarrassin', hahaha
