

# Sideline Number

Russ

That's why I'm giving you my sideline, sideline number  
That's why I'm giving you my sideline, sideline number

Ever since I came up, I'm a come up  
See me fucking you could be a fuck up  
One slip up could have my whole career ended  
Gotta think about what I send before I send it  
So I keep it short, nothing outlandish  
Girl I'm talkin to is half Arab half Spanish  
I don't give a fuck though, bitches all cut throat  
Plus I'm the one so

I ask for you number then I text you from my sideline  
No evidence no tracin' back to me so I'm fine  
I don't know you enough to trust you that's the truth I  
I know you're hot, but I can't get got

That's why I'm giving you my sideline, sideline number  
That's why I'm giving you my sideline, sideline number

I'm a target, I can't start it, you gotta initiate  
Keep it quiet I'll deny it if you try and get me framed  
Only women that I fuck with are low key  
Only ones that know my home are my homies  
Anti-screenshot man I'm too hot

I ask for you number then I text you from my sideline  
No evidence no tracin' back to me so I'm fine  
I don't know you enough to trust you that's the truth I  
I know youre hot, but I can't get got

That's why I'm giving you my sideline, sideline number

No such thing as a private message  
Cause they'll air it out like byron leftwich  
Gotta keep it real real real g rated  
They got more crazy when you get more famous  
Damn you trippin', girl you a bad look  
I'm takin' more shots than your ass took  
Fake, stupid, where were you raised at?  
How can I save that?

I ask for you number then I text you from my sideline  
No evidence no tracin' back to me so I'm fine
