

Yeah  
Just make sure it's not too loud  
Yeah

When's the last time you looked up at the sky?  
Between you and I  
When's the last time you looked it in his eyes?  
Until you think you fly  
When's the last time you looked up at the sky?  
Between you and I  
When's the last time you looked it in his eyes?  
Until you think you fly

We're buried in comparison of each other  
Our sisters, mothers, fathers and our brothers, yeah  
Yeah, we get caught up, we ride by ourselves  
Yeah, we block us, we stop ourselves  
From being everything we could be  
From being everything we should be  
(Let me get my head down real quick, yeah)  
This my Bible of detachment, you should see verse two (Yeah)  
But for now I think I'm too caught up in me versus you  
I think we all are, regardless of a post, quote or vote  
I think we all stars  
Born to cross the line like we got four stars  
Songs are my way to really decompress  
I hope you know that you're your greatest stock and reinvest  
I redirect the tension to the ones who don't get mentioned  
The angels who protecting and the Gods who be directing, look up

When's the last time you looked up at the sky? (Yeah)  
Between you and I  
When's the last time you looked it in his eyes?  
Until you think you fly  
When's the last time you looked up at the sky?  
Between you and I  
When's the last time you looked it in his eyes?  
Until you think you fly

Yo, yo, yo, yo, yo  
Hope you get your credit for your next scene (Hmm)  
Hope regret ain't fillin' up your body when you breath leave  
Hate that you ain't out here fetchin' dreams, shit a pet peeve, uh (Hmm, hmm  
)  
Open road you set free, you can catch speed  
Just so you can make it to the finish line (To the finish line)  
You done hit your final lap in a nick of time (In a nick of time)  
Pickin' through the good and bad, this shit so intertwine, uh  
They got us forced to find ourselves, we gotta sit inside  
And lately shit been dry and I just wanna feel alive  
If you take my picture, please just crop it on my better sides  
If you put my face up on the screen make it the biggest size, uh  
Don't leave me minimized, no (Don't leave me minimized)  
Don't want your pity, please don't sympathize  
'Cause you the one that's straightened and protected  
Scared you cut yourself, I know you sharp around the edges, uh  
After floods we heal, know that's a necessary blessing

If you look up at the clouds, the sky could form into a message  
That just led me to the question  
When it

When's the last time you looked up at the sky? (Yeah, yeah)  
Between you and I  
When's the last time you looked it in his eyes?  
Until you think you fly  
When's the last time you looked up at the sky?  
Between you and I  
When's the last time you looked it in his eyes?  
Until you think you fly
