

# Snow White & the Incredible Hulk

Russ

Getting [?], I need your love  
Getting [?], I need your love  
I think I

I think I drank too much to get behind the wheel  
My favorite white girl makes me feel  
Like the incredible hulk, the incredible hulk (The incredible hulk)  
I think I drank too much to get behind the wheel  
My favorite white girl makes me feel  
Like the incredible hulk, the incredible hulk (The incredible hulk)

Yeah  
Tryna warm up in a cold night  
It's me Jack, kicking it with Snow White  
Living on the top of the beanstalk  
Snow White dancing with her jeans off  
Up, down, up, down like a see-saw  
Round and around and around like a beach ball  
Stop (Stop, stop, stop)

I'm freefalling from the moon, moon  
And I ain't coming down anytime soon, soon  
No (Yeah, yeah-nah, aight, aight)  
Go head and get it, yeah (Aight)  
Go head and get it (Go and get it)

I think I drank too much to get behind the wheel (Yeah)  
My favorite white girl makes me feel  
Like the incredible hulk, the incredible hulk (The incredible hulk)  
I think I drank too much to get behind the wheel  
My favorite white girl makes me feel  
Like the incredible hulk, the incredible hulk (The incredible hulk)

'Kay, up so late but it feel so early  
Snow White so straight but her head so curly  
Coke white skin but her soul's so dirty  
Got me feeling oh so, oh so worthy (Worthy, worthy, worthy)

Like the incredible hulk, the incredible hulk (The incredible hulk)

Aight, beast mode, break out the cage quick  
Snow White main bitch  
Jack is a wing-man that I came with  
No [?], no cuffs, no fucks (Fucks)  
I can't complain shit  
Uh, I can't complain shit

I think I drank too much to get behind the wheel (Yeah)  
My favorite white girl makes me feel  
Like the incredible hulk, the incredible hulk (The incredible hulk)  
I think I drank too much to get behind the wheel  
My favorite white girl makes me feel  
Like the incredible hulk, the incredible hulk (The incredible hulk)
