Yeah, okay  
This a classic beat I gotta fleet of these  
I'm lookin at my bucket list like god damn I completed these  
And yes my life's a movie girl you just in the deleted scenes  
I kick you out my life if I don't like the way you treating me  
I put my phone on DND  
Young G-o-d a diety  
I easily believe in me  
Then dreams become my scenery  
You cannot skip the first step no you cannot go from B to Z  
Nobody gave the keys to me  
I picked the lock then BnE  
Boom boom boom boom boom bitch  
Make myself a room bitch  
I can smell the hater in the air change your perfume bitch  
I feel so unstoppable the moneys gettin swimmable  
Bitch I do the impossible cuz I see the invisible

Lotta talk but I can back it  
Women flocking cuz my status  
If you want it make it happen  
KidSuper on the jacket

I take a hit of the weed and then sell it legally  
I make a profit news reporters wanna speak to me  
I'm on the tarmac couple Cadillac Escalades  
With our chest today we screaming let's get paid

Tryna fuck my plans up  
Danger on the way better get your hands up  
It could be today  
Gotta home in Atlanta I'm boutta have 2  
Better than me nah I'm better than you  
Gotta text and it says she about to come thru  
What it is what it ain't  
What it does what it do  
True  
Okay this turned into a lil situation  
Okay gotta go I'm focused on elevation  
Okay I know if I go hard and I stay patient  
I'll be celebrating amazing
