

## The Formula

Russ

When I roll up, I ain't gotta say too much I'm good (I'm good)  
When I roll up, better act the way you fuckin should (You should)

If only you could see me now  
You would wanna press rewind  
Everybody is a star  
Some just don't know how to shine  
I've been DIY forreal  
I've been making myself hot  
Women throw themselves at me  
All your girlfriends getting caught  
I just take it as it comes  
Gettin bigger by the day  
I just focus on the signs  
You should probably do the same  
Ain't no telling when I'm popping  
But I know it's coming soon  
You can feel it in the air  
When I step into the room

When I roll up, I ain't gotta say too much I'm good (I'm good)  
When I roll up, better act the way you fuckin should (You should)

I've been wrapped up in myself  
I've been living like a mummy  
Self belief unlocked the door  
On the other side is money  
I believed and got it crackin  
I ain't need to see it happen  
Making something outta nothing  
You could say I'm doing magic  
I might lose myself in this  
But I'll always be a winner  
Feeling stronger than this Gin  
This is something for your liver  
Confidence mixed with ambition  
Everything will fall in place  
What I think about I bring about  
I never have to chase

When I roll up, I ain't gotta say too much I'm good (I'm good)  
When I roll up, better act the way you fuckin should (You should)
