

Throne Talks

Russ

This here is on some Hova shit
I'ma touch a billion 'fore it's over with
I'ma be a mogul with a mogul chick
This is just me gettin' started, watch this
This here is on some Kanye shit
I'ma stay myself, even if all them flip
I won't ever give up, I won't call it quits
This is just me gettin' started, watch this
Yeah, if it all falls down, I'ma pick up all the pieces, reassemble
Unless it's meant to be broken, I won't interrupt its motion, let it crumble

Yeah, I'm in love with every season, fuck it, 'least I'm breathin'
Just turned 27, gettin' olders an achievement
Chaos on my conscience, clarity after conflict
Flying over the tropics, overseas startin' moshpits
I don't even pop shit as much I could
Bitch, I don't even talk shit as much as I should
I keep it lower than the blow that I been hit by
By friends that I guess never were my friends
So fuck you, goodbye

This here is on some Hova shit
I'ma touch a billion 'fore it's over with
I'ma be a mogul with a mogul chick
This is just me gettin' started, watch this
This here is on some Kanye shit
I'ma stay myself even if all them flip
I won't ever give up, I won't call it quits
This is just me gettin' started, watch this
Yeah, if it all falls down, I'ma pick up all the pieces, reassemble
Unless it's meant to be broken, I won't interrupt its motion, let it crumble

I don't wanna worry 'bout it all the time
I don't wanna let this shit get to my mind
I just wanna live in peace and do what's right
I don't wanna have to tell nobody twice, yeah
How you deal with negativity? You don't
I got apps I'm tryna build
I got cash I'm tryna blow on some real estate
Women prayin' that they meet me
Bet your girlfriend kneeled today you feel a way, it's clear

This here is on some Hova shit
I'ma touch a billion 'fore it's over with
I'ma be a mogul with a mogul chick
This is just me gettin' started, watch this
This here is on some Kanye shit
I'ma stay myself even if all them flip
I won't ever give up, I won't call it quits
This is just me gettin' started, watch this
Yeah, if it all falls down, I'ma pick up all the pieces, reassemble
Unless it's meant to be broken, I won't interrupt its motion, let it crumble
