

Too Much

Russ

Yeah

Shit goin' crazy (It is), on the daily
I don't see a reason why the fuck I should stop now (Yeah)
Thought I was the shit at the bottom
How you think I feel at on top now? (How you think I feel)
Magnificent (Ha)
Universe wrote my song I'm just adlibbin it' (Ooh-ooh)
I don't gotta say too much, yeah yeah yeah yeah

I don't gotta say too much
I don't gotta say too much
Nah I don't gotta say too much (Quiet)
I don't gotta say too much (I don't gotta say too much)

Yeah

Big shit poppin'
I realized I'm the gift, so this year
I ain't goin' Christmas shoppin'
I be hearing ch-ching often
The pussy smooth, Slick Rick talking
Burnt out (Burnt)
Fifty-million for the catalogue, I turnt down (Facts)
I'm makin' money every second, you should learn how (Ha)
These puppies barkin', not a woof for what I turn 'round
Swingin' like the first round, even in the twelfth bitch
Got myself rich, took the fam with me
Always the reality was turnin' to my fantasy
Want a chance with me, so she holler in the man city
Damn baby, no humanity, now you can't get me

Shit goin' crazy (It is), on the daily
I don't see a reason why the fuck I should stop now (Yeah)
Thought I was the shit at the bottom
How you think I feel at on top now? (How you think I feel)
Magnificent (Ha)
Universe wrote my song I'm just adlibbin it' (Ooh-ooh)
I don't gotta say too much, yeah yeah yeah yeah

I don't gotta say too much (Nah)
I don't gotta say too much
Nah I don't gotta say too much (Quiet)
I don't gotta say too much (I don't gotta say too much)
Let me talk to you

I ain't tryin' to do to much (Yeah)
I'm just tryin' to stay tapped in, yeah yeah
Chasin' pussy fucks you up
I don't need distractions, yeah yeah

Connected, I'm obsessed with, manifestin'
Fuck a guest list, I'm only worried 'bout my checklist (Yeah)
Probably spend six, on my family's expenses
Money made the memories, so I do not regret shit (C'mon)
Feelin' like I'm God's best investment (Uh huh)
I don't fuck with bitches, I don't got no time to pass it
Paris Fashion Week, they askin' me if we can French kiss

Who the best is, what's the metric? Yes it's me

Shit goin' crazy (It is), on the daily
I don't see a reason why the fuck I should stop now (Yeah)
Thought I was the shit at the bottom
How you think I feel at on top now? (How you think I feel)
Magnificent (Ha)
Universe wrote my song I'm just adlibbin it' (Ooh-ooh)
I don't gotta say too much, yeah yeah yeah yeah

I don't gotta say too much (Nah)
I don't gotta say too much
Nah I don't gotta say too much (Quiet)
I don't gotta say too much (I don't gotta say too much)
Let me talk to you

I don't gotta say too much
I don't gotta say too much
