Russ

Come take a vacation
Even if it's just from yourself

I got my middle fingers up screaming what's up now?
Real motherfuckers all around me right now

I'm out here screamin' what what
Not giving a fuck fuck
Cause I'm here to stay when you hear my name
You give it up up

Watchin' Lil Jojo as he in that burrow
Chop it big he hold it like a bow and arrow
Chopper God he hold that shit like he pharaoh
They tell me Johnny, flip another sparrow
Chopper as I am in proper
In that Chopper he feelin' like he the Dolly Llama
Dolly proper and he aim that shit like Betty Crocker
Whip that shit, woop woop
Whip that shit

I'm out here screamin' what what
Not giving a fuck fuck
Cause I'm here to stay when you hear my name
You give it up up

I feel it coming it's gon' happen any minute
I know it is because I told myself I'm in it
So what ya gonna do? When that shit comes true
And I laugh at you
Ha-ha (what you gonna do?)
Ha-ha (what you gonna do?)
Ha-ha (what you gonna do?)
Ha-ha
And I laugh at you

I'm out here screamin' what what
Not giving a fuck fuck
Cause I'm here to stay when you hear my name
You give it up up

Nah but for real sometimes you just gotta take a vacation
Take a vacation from yourself
Make sure you spend your own time doing the things you would like to do
Thank ya

I'm out here screamin' what what
Not giving a fuck fuck
Cause I'm here to stay when you hear my name
You give it up up
