

# Down On The Beach

Russell Dickerson

This 9-to-5 five days a week  
Ain't worth a dime if you ask me  
So I'm packin' up the truck and I'm headed down south  
'Bout time to break them flip-flops out

If you need me I'll be busy  
Puttin' work in on my tan  
Sippin' on a Heiny with my heinie in the sand  
Holdin' hands with my baby, girl  
Umbrella it's a shady world  
Just lay back watchin' that motion of the ocean  
Ain't tryin' to rub it in like I'm rubbin' in that lotion  
Got the speaker on the Yeti, Chesney on repeat  
Nothing on my mind but a good time down on the beach  
Watchin' that sun go down on the beach  
Knockin' them cold ones down on the beach  
We gon' keep holdin' it down on the beach  
Down on the beach, yeah

Stopped off at Alvin's Island  
Yeah, I bet I was smiling  
'Cause I just dropped a good chunk of change on a bunch of tanks and I'm stylin'  
From the beach to the pool, pool to the beach, beach to the Circle K  
Yeah grab a bag of that Readie ice 'cause I really might just stay

If you need me I'll be busy  
Puttin' work in on my tan  
Sippin' on a Heiny with my heinie in the sand  
Holdin' hands with my baby, girl  
Umbrella it's a shady world  
Just lay back watchin' that motion of the ocean  
Ain't tryin' to rub it in like I'm rubbin' in that lotion  
Got the speaker on the Yeti, Buffet on repeat  
Nothing on my mind but a good time down on the beach  
Watchin' that sun go down on the beach  
Knockin' them cold ones down on the beach  
We gon' keep holdin' it down on the beach  
Down on the beach, yeah
