

It's About Time

Russell Dickerson

We been waiting on the sun to go down
On this one horse, one stoplight, one neon town
And I can't wait to give my boys a round
I'm gonna call the girls up 'cause it's 'bout to go down

We ready like truck stop ice
Two hands, Bud Light, half price
Gon' raise 'em up high 'cause

It's about time for a drink
It's about time for a cold one
It's about time for a throwback
Play me a country gold one, yeah yeah
I've been waiting on, waiting on
A night like this
It's about time for a drink
It's about time for a drink
You know it is, right

All my people got a tall boy can
Or a long neck bottle, or double cup in their hand, yeah
Twisting the top off some Friday plans
Yeah, we walk up in the party like who's ready to dance (yeah, let's go)

We rolling like Firestone tires (yup)
Hands up like a Baptist choir
Doing this daggum thing all night, let's go

It's about time for a drink
It's about time for a cold one
It's about time for a throwback
Play me a country gold one, yeah yeah
I've been waiting on, waiting on
A night like this
It's about time for a drink, yeah
Woo, you know it is
Yeah, yeah, yeah, yeah
Uh

We ready like truck stop ice
Two hands, Bud Light, half price (yes)
Gon' raise 'em up high, yeah yeah yeah
We rolling like Firestone tires
Hands up like a Baptist choir
Moving this daggum thing all night, that's right

It's about time for a drink
It's about time for a cold one
It's about time for a throwback
Play me a country gold one, yeah yeah
I've been waiting on, waiting on
A night like this
Yeah, it's about time for a drink
It's about time for a drink, yeah
Baby, it's about time for a drink

(It's about time, it's about that time) you know it, yeah

(Baby, it's about time for a drink
It's about time, it's about that time
Baby, it's about time for a drink, yeah)

We ready like truck stop ice
(Ah, that's right, RD, what we doing, dawg?)
Doing this daggum thing all night
