

## Low Key

Russell Dickerson

Two hundred dollars and dinner and drinks  
Ten dollar cover, the cool place to be downtown  
We can go right now  
We can wait in a line, drive just to park  
Meet up with the crew and hop bar to bar all night  
I'll let you decide  
Girl, we can get a plan right before rushing out the door, or

We can keep it low key  
Girl, it sure sounds good staying in and keeping you close to me  
All dressed down with nowhere we're supposed to be  
What you think of being home buddies, just a box of wine and you and me?  
We can keep it low key, yeah

Girl, we ain't got a cook and we ain't gotta clean  
Call that Chinese spot right down the street we like  
Get a little take out, get a little make out, that's right

And baby we can keep it low key  
Girl, it sure sounds good staying in and keeping you close to me  
All dressed down with nowhere we're supposed to be  
What you think of being home buddies, just a box of wine and you and me?  
We can keep it low key, yeah, ooh

Girl, with you looking that way we should stay  
'Cause we'll wind up back here anyway

Lets keep it low key  
Girl it sure sounds good staying in and keeping you close to me  
All dressed down with nowhere we're supposed to be  
Girl what you think of being home buddies, just a box of wine and you and me?  
Girl just you and me  
We can keep it low key, yeah  
We can keep it low key, ooh  
Lets keep it low key, yeah  
We can keep it low key, yeah
