

# Would You Love Me

Russell Dickerson

I'ma love you til the sun burns out

Hey would you love me

If my car broke down and I didn't have anymore money

If I told 'em all the time but my jokes weren't really that funny

Hey, would you love me

And would you keep me

If I couldn't make all your dreams come true like a genie

Girl come to find out, yeah loving me really ain't easy

Hey, would you keep me?

Cause I'ma love you til the sun burns out

Love you til my heart breaks down

Listen baby ain't no doubt that

I'ma love you, I'ma love you, I'ma love you

I'ma love you til we're old and grey

Love you til we're running out of days

Hear me baby when I say that

I'ma love you, I'ma love you, I'ma love you

Would you love me

If I didn't have a six pack and I was a really bad kisser

If I wasn't very good at taking all your pretty little pictures

Girl, would you love me

Because...

Cause I'ma love you til the sun burns out

Love you til my heart breaks down

Listen baby ain't no doubt that

I'ma love you, I'ma love you, I'ma love you

I'ma love you til we're old and grey

Love you til we're running out of days

Hear me baby when I say that

I'ma love you, I'ma love you, I'ma love you

Would you love me?

If I don't remember your face or remember your name

Tell me, oh tell me baby would you love me the same

Cause...

Yeah I'ma love you til the sun burns out

Love you til my heart breaks down

Listen baby ain't no doubt that

I'ma love you, I'ma love you, I'ma love you

I'ma love you til we're old and grey

Love you til we're running out of days

Hear me baby when I say that

I'ma love you, I'ma love you, I'ma love you

Would you love me?

I'ma love you til the sun burns out

I'ma love you til my heart breaks down

Listen baby ain't no doubt that

Tell me baby

I'ma love you til the sun burns out

I'ma love you til my heart breaks down

Listen baby ain't no doubt that

Tell me baby, tell me baby  
Would you love me  
I'ma love you til the sun burns out  
I'ma love you til my heart breaks down
