

# Ultimate Stranger

Russian Red

Where do you go?  
When there is scarce  
Where do you find peace?

I could be in, maybe please  
You're really...

All the stars that we were shown in the past of us  
Stars based on the lives that we've had  
All the stars that we were shown in the past  
The vouch by the ultimate stranger mind

Behind a rose of this memorable bending  
We find sadness but it's under control  
I could be in, maybe please  
You're really

All the stars that we were shown in the past of us  
Stars based on the lives that we've had  
All the stars that we were shown in the past  
The vouch by the ultimate stranger mind

All the stars that we were shown in the past of us  
Stars based on the lives that we've had  
All the stars that we were shown in the past  
The vouch by the ultimate stranger mind
