Big White Bird

Rusted Root

Rusted Root
Big White Bird
 Are you the one taken by the sun?
Coming down,
Riding the big white bird
Flyin high

I say one, where'd you go?
Three whole miles in the setting sun
I say:
Are you the one big white bird? (in the wind?)
Are you the one, yeah?

Are you the one taken by the sun?
Coming down,
Riding the big white bird
Flyin high

I say lions they, lions they, they gone to roam (Rome?)
Lions they, lions they gone to roam.
Are you the one big white bird? (in the wind?)
Are you the one, yeah?

(unidentified lyrics)
We'd already leave... (?)

I say one, two, three whole miles in the setting sun
I say
Are you the one big white bird?
Are you the one, yeah?
