

## Pickleball

Ruston Kelly

She was sittin' waitin' under the street light  
When I pulled up in my truck at the East side  
Why, I don't know, why, I's kinda sweatin' bullets  
Maybe 'cause I was kinda pushin' closer to the edge  
From the jump, I knew something was different  
Head first, divin' deep from the first one, she hit  
Now we're sittin' on my couch in August  
I'm tellin' her how many years I've fought this

She said I don't ever wanna see you like that  
I guess I ain't got a choice but never turn back  
Fill my soul with solid gold  
I'm complete, I'm whole  
All I know is where you go, I will go  
I will

Something about her shook me up from the inside  
1080's only, baby, that's all I want in my life  
Take my hand and drag me out of the party  
I'm sick of burning out and saying, "Sorry"

She said I don't ever wanna see you like that  
I guess I ain't got a choice but never turn back  
Fill my soul with solid gold  
I'm complete, I'm whole  
All I know is where you go, I will go  
I will

She said I don't ever wanna see you like that  
I guess I ain't got a choice but never turn back  
Fill my soul with solid gold  
I'm complete, I'm whole  
All I know is where you go, I will go  
I will
