Oh No Joe

Rusty

You gotta problem that's pretty plain
All my pleasure caused you pain
You sneak around, you write my number down
Your body's sinking, you gotta swim
Oh no Joe, leave us alone
Your living in the past
Oh no Joe, leave us alone
Your living in the past
Oh no Joe, leave us alone
Times gotta a way of closing your eyes
You should have seen it coming
You could have tried
You sneak around, you write my number down
Your body's sinking, you gotta swim
Oh no Joe, leave us alone
Your living in the past
Oh no Joe, leave us alone
Your living in the past
Oh no Joe, leave us alone
