

Crave

Ruth B.

Been a couple months since I told you "hit the road"
You're a stranger now, but that's how it always goes
Remember when you told me it was you and me for life?
I tried to forget 'cause that was my favourite night
I'd be lying to say I don't miss you
But you know I got some damn pride issues

You thought it was cute playing all your stupid games
Then I went and showed you I can be insane
Without any warning, yeah, I went ahead and cut you off
So I don't get why I still think about you a lot
I'd be lying to say I don't miss you
But you know I got some damn pride issues

I don't wanna say it out loud
But all I really want is you right now
Miss the way you'd play with my hair
Guess I'm just scared that you don't care
Never thought I'd find myself here
But if I'm keeping you true, baby I crave you

I put on a front, make it look like I don't care
In reality, I feel you, see you everywhere
Wonder if you ever sit and wonder about me?
Tell me, does it kill you, everything that we could be?
I'd be lying to say I don't miss you
But you know I got some damn pride issues

Been a couple months since I told you "hit the road"
You're a stranger now, but that's how it always goes
Remember when you told me it was you and me for life?
I tried to forget 'cause that was my favourite night
I'd be lying to say I don't miss you
But you know I got some damn pride issues

I don't wanna say it out loud
But all I really want is you right now
Miss the way you'd play with my hair
Guess I'm just scared that you don't care
Never thought I'd find myself here
But if I'm keeping you true, baby I crave you

This is hard to say
Maybe I made a mistake
When I let you go
Didn't know I'd feel so low
Now I miss your touch so much
This is hard to say
Maybe I made a mistake
When I let you go
Didn't know I'd feel so low
Now I miss your touch so much

I don't wanna say it out loud
But all I really want is you right now
Miss the way you'd play with my hair
Guess I'm just scared that you don't care

Never thought I'd find myself here
But if I'm keeping you true, baby I crave you (baby I crave you)

Baby I crave you
