

Don't Disappoint Me

Ruth B.

Our generation, is scared of commitment
On to the next one, and I'm no different but there's
Something about you, I kinda wanna stay
Hoping you like me in all the messed up ways, so

Don't disappoint me, don't let me down
I've heard it all before, I just want something more
If it's not what you want, just let me know
But don't disappoint me, promise you won't

Love comes and love goes, this much I know
I think you're special and crazy composed
Maybe we're ruined, maybe we're not
Might as well find out cuz we're all we got

It's so unlike me to get so caught up in
Your pretty stories, they're all I'm wanting but there's
Something that scares me, I kinda want to run
Hoping there's something here after all of our fun, so

Don't disappoint me, don't let me down
I've heard it all before, I just want something more
If it's not what you want, just let me know
But don't disappoint me, promise you won't

Love comes and love goes, this much I know
I think you're special and crazy composed
Maybe we're ruined, maybe we're not
Might as well find out cuz we're all we got

I wanna make memories that won't make me sad one day
Tired of being everyone's "the one that got away"

I wanna make memories that won't make me sad one day
Tired of being everyone's "the one that got away"

Love comes and love goes, this much I know
I think you're special and crazy composed
Maybe we're ruined, maybe we're not
Might as well find out cuz we're all we got

Love comes and love goes, this much I know
I think you're special and crazy composed
Maybe we're ruined, maybe we're not
Might as well find out cuz we're all we got

Don't disappoint me
Don't disappoint me
Don't disappoint me
