

Safe Haven

Ruth B.

Let me hold you for the day and let you know that its okay
Give you all the love and peace that you usually send my way
When its dark for you, don't know what to do
Just know you're my light
Maybe you can find some strength in knowing, that will be alrig ht

When the world is caving, baby you're my safe haven
And when it all comes crashing I remember you saying
If you show me, then I'll show you
All the things that make me wanna know you
And when the world is caving
Baby, you're my safe haven, you're my safe haven

Remember when you told me its the little things that hurt every day
And I responded with a little smile and nodded it away
Well I get it now 'cause its your scrunched eyebrows
That bring me to tomorrow
All the little things about you that make me forget
All my sorrow

When the world is caving, baby you're my safe haven
And when it all comes crashing I remember you saying
If you show me, then I'll show you
All the things that make me wanna know you
And when the world is caving baby you're my safe haven
You're my safe haven

And when I leave you I stop looking for heaven
Cause I found a piece of it wrapped up in your presence
Oh with you and I there's love so divine
On my darkest day I know you'll be my shine

When the world is caving, baby you're my safe haven
And when it all comes crashing I remember you laughing

When the world is caving, baby you're my safe haven
And when it all comes crashing I remember you saying
If you show me, then I'll show you
All the things that make me wanna know you
And when the world is caving baby your my safe haven
Baby, you're my safe haven
Baby, you're my safe haven
Baby, you're my safe haven
