

# I Couldn't Do This Without You

Ruti

When it all gets too much  
You give me the sweetest touch  
Feelin' when you're around  
Liftin' me off the ground  
You know the words to say  
When I can't find my way  
You're like the coolest shade  
There on the hottest day

And when the heat gets too much

You're like cold, cold water  
You're washing over me  
Like a gentle breeze  
You're cold, cold water  
You're all I ever need  
I couldn't do this without you  
I couldn't do this without you

When I can't sleep at night  
You send me back like the tide  
No matter what's on my mind  
You are my lullaby  
And if I lose control  
So you go with the flow  
You're like the coolest shade  
There on the hottest day

And when the heat gets too much

You're like cold, cold water  
You're washing over me  
Like a gentle breeze  
You're cold, cold water  
You're all I ever need  
I couldn't do this without you  
I couldn't do this without you

I was lost in the desert  
And I was found in the rain  
And you hold me together  
Just before I break

And when the heat gets too much

You're like cold, cold water  
You're washing over me  
Like a gentle breeze  
You're cold, cold water  
You're all I ever need  
I couldn't do this without you  
I couldn't do this without you  
No I couldn't do this without you  
I couldn't do this without you
