

So Much More

Ruti

I hear the call, I've heard before
Sense something hiding
Deep under my skin
Desperate to be seen

The parts of me
You never see
Scratch at the surface
Closer to the edge
I need to be seen

I know how I see myself
But you're talking to someone else
I'm so much more
Than you could ever ask for

Are you ready
To meet all of me?
Here are my stories
Insecurities
I'm giving you everything

I'm asking you to learn to love
To love me as I love myself
Open up your heart to understand me
Nothing's changed and nothing's changing
I just need to know I haven't been forsaken

I want you to see myself
The way that I've always felt
I'm so much more
Than you could ever ask for...

You could ever ask for...

If you let me, I could show you so much more...
So much more...
