

## Scrooged

RVIVR

Fuck you I asked a question  
Pay attention!  
You've got cash and I ain't got none  
You don't care  
You don't care  
And down at city hall  
They're laughing at us that's not all  
We pay for it  
It's freezing please open the shelters  
What's your problem?  
People on the street will die tonight  
You don't care  
You don't care  
They take what they want  
They change what they want  
They'll get what they want  
That's just what they want
