How you doing?  
Well I'm doing just fine  
I lied, I'm dying inside  
Hey, how you doing  
Well I'm doing just fine  
I lied, I'm dying inside

Yeah  
She hate they way that I talk about it  
Wrong move and it's automatic  
Sad face with my social status  
With a bad day to get no allowance  
Wait, I ain't talking that check tho  
Bro, I'm just talking that friend zone  
I wanted her but she dated me  
Just another guy that she let go  
Is what they said  
Hoping her IG pays  
They be telling her things she likes  
Same time that's what I hate  
Okay, I never know, who to go for  
Fall for three girls cause I don't know four  
I opened and I'm not surprised  
Hey look at that, I'm dead inside

Hey, how you doing  
Well I'm doing just fine  
I lied, I'm dying inside  
(This is so sick)  
Hey, (Yeah) how you doing  
(Ahhh ok ok) Well I'm doing just fine  
I lied, (Ight here it is) I'm dying inside

There we go  
My head is spinning like Mary gold  
I do not care bro where we go  
As long as you let me hit my mood like Terrio  
Uh, gotta connect  
You say that I'm reaching  
Tell me it's fake but what is your reason  
I think it's great but you think I'm easy  
You want a challenge  
I bet you can't please me  
Oh you ran away, anyways  
I'm alone like everyday  
This is natural, that is cap  
Need a cute girl to come scratch my back  
Like damn man it's too much to ask for  
Tinder global might need a pass port  
Never mind cause they hate me so much  
What did I do guess I get no love

I don't get no love no more no  
I dont love no more no more  
Hey, how you doing  
Well I'm doing just fine  
I lied, I'm dying inside

Hey, how you doing  
Well I'm doing just fine  
I lied, I'm dying inside
