Playing the game on my gamecube
Everything I do you can't do
Everyone tryna be cool, yea
Sorry but I'm not the same dude
I see my life in like every color
Waking up after a lucid dream
I like to flex my imagination
Having a vision and gettin' green

Playing the game on my gamecube
Everything I do you can't do
Everyone tryna be cool yea
Sorry but I'm not the same dude
I see my life in like every color
Waking up after a lucid dream
I like to flex my imagination
Having a vision and gettin' green

OK, now I've been getting impatient
Now I need plays on my playlist
Now I might need twenty agents
Life is in roses and daisies
Think I'm related to Hades
Be going crazy like rabies
Vision be clear, talking HD

Too much hate get caught up, ay
I respect my brothers, ay
Two doors swerve they love it, ay
My wrist flick, pop shuvit, ay
I got good so sudden, ay
I keep it one hundred, ay
They be squares like punnet, ay
Forrest Gump, I run it, yup

Playing the game on my gamecube
Everything I do you can't do

Sorry but I'm not the same dude
I see my life in like every color

Bright bright colors I'm trippin'
H₂O I'm sippin'
Who you kiddin'?
I'm too fly like pidgeon

Dark beak on corinis
This that break up on shit
Best be cautious
You don't want this
I'm obnoxious
Feels the toxins
Gettin' nauseous
Gimme face like orthodontist, bam

I don't mess with narcos
Can't find me like Marco
I don't eat no Xanax
I rather eat nachos
Live my life like Pablo
Put you in my portrait
Holding down my fortress
OK hit the chorus
