My whole life like a whirlwind
It won't stop gotta wait til the world end
Wait hold up maybe Imma get a girlfriend
If I get a girlfriend, gotta get a pearl then
Girl don't stop with it
Love when you drop with it
On top with it
You so hot with it
Get hold of it
So bold with it
Go fast with it
Stop, go slow with it

Work so hard but I'm still so lazy
Putting in work while you work with it
Ride so good on a wave imma surf with it yeah

Imma stay up all night gotta wait for it
Dudes want a turn but they can't even pay for it
Wanna show more goddamn imma stay for it
Yeah Yeah, gotta stay for it

I'm a man on a mission yeah
Feelings change like positions yeah
Been the same since we did this ay

Telling you I would learn shit uh
Overcame all the curses yeah
Wanna see you in person yeah
We could both put the work in yeah

Lights off every time that we meet up

Can't stop go again when it's over
Calm down get a hit from the doja
Get loose eye to eye moving closer
Never talked but I already know ya
