

# I Need U

Rxseboy

I'm the boy in the movie scene  
Who just wants to leave  
And never come back  
And you're the perfect company  
You got dreams like me  
Please can you take me away?

So let me ri-, ri-, ri-, ri-, ride away with you  
Into the dark, into my heart, I'll follow you  
Let me ri-, ri-, ri-, ri-, ride away with you  
'Cause all of my scars are broken inside and I need you

I need you, need you, need you  
I need you, need you, need you

Uh, I need you here, I need your company  
You can always run to me  
Come ride away with me, so we can travel, see the sun and sea  
When something seems so once in a lifetime  
I gotta take a chance to prove to her I'm the right guy  
But I ain't got no confidence  
Never in my life has it been prominent  
I got a lot of scars that be reminding me of promises  
That broke almost as soon as they started  
And it's a fact that nothing else is breaking worse than my heart did

So let me ri-, ri-, ri-, ri-, ride away with you  
Into the dark, into my heart, I'll follow you  
Let me ri-, ri-, ri-, ri-, ride away with you  
'Cause all of my scars are broken inside and I need you

I need you, need you, need you (Yeah, yeah, yeah, yeah, yeah)  
I need you, need you, need you (Yeah, yeah, yeah, yeah, yeah)

I'ma just talk  
(I need you, need you, need you)  
An obsession with you, I'm confessin' the truth  
You're the best that there ever will be  
(I need you, need you, need you)  
Got the moves that I like as we moves into night  
Up to you to decide, chase a feel, yeah, I might  
(I need you, need you, need you)  
No more late night doubts of you here in my mind  
We could talk about it all on this midnight drive  
You're forever in my heart where my feeling's reside  
Let's give it time
